

◆Runners who entered the 2 km-wheelchair race

We thank you for entering Yokohama Marathon 2017.
We will take the following measures with regard to the commemorative towels and finisher medals.
We thank you for your understanding.

1. Commemorative towel

The commemorative towel commemorating your participation in this event has a design representing Yokohama port as did the towels of past events. Although the race was unfortunately canceled, we hope very much that you will accept the towel to commemorate your entry. Towels will be sent by mail so they will arrive before the end of November. Thank you for your patience.

2. Participation in Yokohama Marathon 2018

The 2017 event was canceled due to an uncontrollable typhoon preventing 28,000 runners from participating in the race. The disappointment of runners who were looking forward to the event weighs on our minds.

We fervently hope that these runners will participate in the next Yokohama Marathon in 2018, so we will grant priority rights for entry (on a request basis for a charge).

Details will be decided at the Yokohama Marathon 2018 Organizing Committee to be held in January 2018. The decision will then be announced to runners via an official event webpage and email.

3. Finisher Medals

We regret having been unable to deliver the finisher medals commemorating runners' completion of Yokohama Marathon 2017.

If you participate in the next Yokohama Marathon in 2018, you will receive the medal along with a finisher medal for Yokohama Marathon 2018 when you finish the race.

Organizing staff are sincerely looking forward to handing finisher medals to you.

We will carefully store the medals until then.

4. Participation Award T-shirts [only for individuals who did not check-in on Friday the 27th or Saturday the 28th]

As registration on the day of the race was allowed for participants in the 2 km wheelchair race, participation award t-shirts will also be sent to individuals who did not check-in.

Please look forward to these t-shirts as they will be sent so that they arrive before the end of November.

5. Entry Fees

We are afraid that your entry fees cannot be refunded.

The organizing staff of the Yokohama Marathon value runners' expectations and aim to hold an event that runners want to participate in again.

We appreciate your continued interest.
